14. PRESIDENT’S REPORT

President Dale reported on the following:

A. Award – AVCON won the FICE Engineering Excellence Award for the design of the International Terminal Ramp Expansion. President Dale presented the Board with a plaque commemorating the award.

B. Extension of Runway 9R-27L – Walkthrough took place the day before the meeting; numerous problems were found. The instruments for the ILS have not been received yet. Some inlets in the safety area must be recut, redesign, and rebuilt. PAPI lights, indicators for guidance on visual approach, are not hooked up yet. Until the MALSR lights are installed, there is nothing to identify the area. President Dale decided not to open the runway until it is safe to do so; approximately 3-4 weeks.

C. Extension of Runway 9L-27R – Jack Reynolds has submitted the Benefit Cost Analysis (BCA) additional information requested by the FAA. The Airport will be reimbursed for the BCA and get money for the Environmental Assessment.

D. ARMF General Aviation Hangar – Project has been completed. Inspection was done the day before the meeting. Part of this project was grant funded.

E. Best Western Hotel - St. Johns River Water Management District (SJRWMD) permit was issued. The City of Sanford reviewed the site plan. Mitch Collins is responding to the comments from the City. Nash Hooda expects to have the plans ready for permitting by April or May 2008.

F. Parking Lot C – Project is state grant funded (50-50). TBI and Sanford Airport Authority will contribute $300,000.00 respectively for this project. Geo-techs and surveyors have inspected the site. The Airport is proceeding with design. Ready to start on April 2008.
G. Attorneys’ Fees – Discussion of January’s attorneys’ fees. Approximately $18,000.00 in PFC’s are expected from TMA.

H. Consumptive Use Permit (CUP) for two wells – The City of Sanford is interested in the CUP but will not pay for it. President Dale stated Vernon Rupinta recommended the Airport determine the services fees (annexation/zoning/impact fee credits) based on the cost of the wells, the pumps, and the age of the wells. President Dale recommended the Board transfer the CUP to the City’s name in exchange of fee credits. Motion by Secretary/Treasurer Donihi, seconded by Board Member Pieters, to transfer the CUP into the City of Sanford’s name. Motion passed.

I. Florida Department Of Transportation (FDOT) – Sale of Right-of-Way - The City of Sanford approved and signed the City deed, resolution, and the offer and purchase agreement with the FDOT for the purchase of 14.669 acres of Airport-owned Right-of-Way on State Road 46. The documents have been sent to Teresa Hensley with FDOT; the sale will be initially closed in escrow. Closing is expected to take place on April 4, 2008. Since the City has the deed, President Dale requested the check for $1 million be made to the City of Sanford and the Sanford Airport Authority.

J. Lease Update

1. Residential – Three residences are vacant and available; however, one of them was taken out of service. Approximately $36,000.00 in rental fees if they remain vacant all year
2. Commercial – Seven commercial buildings are vacant. Approximately $147,000.00 in rental fees if they remain vacant all year.
3. T-Hangars – Approximately 25%-30% are vacant. There are 74 small hangars, and 32 large hangars. Approximately $111,000.00 in rental fees if they remain vacant all year. The Airport had budgeted for painting the T-Hangars this year, based on condition.

Currently 96% of the square footage in the Airport Commerce Park is occupied, only 4% of the square footage of commercial space is vacant. The Airport has remained within the 94% occupancy originally budgeted.

K. Aged accounts receivable – Discussion of aged accounts. President Dale discussed the possibility of offering incentives to new T-Hangar tenants, such as rent grace periods, if they sign a yearly lease. Secretary/Treasurer Donihi questioned how the Airport’s rate compared to those at Southeast Hangar Development. President Dale stated the Airport’s rates are cheaper; however, the Airport’s T-Hangars do not have the amenities found at Southeast Hangar Development. Chairman Longstaff agreed with offering rate incentives, but believed it should not be used at the beginning of tenancy.
15. COUNSEL'S REPORT

Brett Renton stated the Order of Taking hearing for Parcel P-109 and P-110 is scheduled to take place on March 17, 2008. Because the amount of owners is so large, there is no way of getting a full stipulation. Most of the counsels involved have agreed to stipulate. Motions have been filed by individual owners to be heard at the hearing, it could possibly lead to a stipulation (Stipulated Order). A Stipulated Order of Taking cannot occur until all the owners are known. Chairman Longstaff questioned if anyone had contested the amount. Mr. Renton affirmed somebody had but had not presented the appraisal.

16. TBI REPORT

TBI President Larry Gouldthorpe reported on the following:
