Chairman Longstaff clarified that under traditional insurance the coverage is $5 million; under PGIT the coverage is $125 million; and under PRM the coverage is $75 million. Everybody who had damage in 2004 was completely covered. President Dale stated in 2004 the Airport received $6 million in FAA grants. Board Member Eckstein questioned which plan President Dale recommended. President Dale recommended the Board take into consideration the coverage and to consider the pool insurance. Board Member Williams questioned if there would be enough funds to cover all the members. He wanted to know how are members geographically spread out. Mr. Russi believes the Authority will be better off with a pool of 700 members versus a pool of 50 members.

Chairman Longstaff recommended the Board select PGIT as its insurance carrier. Motion by Board Member Williams, seconded by Board Member Eckstein, to select PGIT. Motion passed.
